

## **Distance Learning Newsletter**

In the support of our Loudoun county public school kids, we are excited to start distance learning sessions at Vision Montessori. The objective of these sessions will be to provide classroom like environment for the children attending kindergarten through 5th grade distance learning program at LCPS. While at VM, children will login and attend the online LCPS classes and work independently on completing assignments/ homework given by their teachers, the VM staff will monitor their work and help them get through the school day. The timings of the sessions will mirror the LCPS schedule for respective grades for each student.
